REVIEW OF THE FUNDRAISER

KENDRA GARAVENTA

This year's annual Fundraiser was a tremendous success! We appreciate everyone who participated from our club, the Surry Sunrise club, and the local community. Several Rotarians stepped up to the challenge and sold as many as 20 tickets single-handedly. In addition, we received generous gifts from various donors aiding in the overall accomplishment of our silent auction. Furthermore, the exceptional entertainment provided by Rotarian Steve Lindsley and music partner Ken Davis set the mood for an award-winning night! The Rotarians and sponsors who went above and beyond their obligation to our club to guarantee success are the ones deserving of the extra THANK YOU from the fundraising committee and the Mount Airy Rotary Club.

UPCOMING EVENTS

June 10th Environmental Clean-up Day

Tom, or one of his appointees, will be calling or collaring you to rise and shine early on June 10th to meet at Cross Creek at 8:00 for roadside duty. Please volunteer to join these civic minded folks. The more we have, the quicker the clean-up.

Save the Date: June 30 is an important date for ROTARY. That is the date the old officers are thanked and the new officers begin their work for the next year. A HOT DOG supper is planned for that evening from 5:00 to 7:00 at Grace Moravian Church.

Come out and thank the outgoing officers and show your support for the new officers. They work hard for our club and your support is important to them.

INTERACTORS and ROTARACTORS will also be invited.

Elmer Holst is New Member

We are please to have as our newest member, Elmer Holst. Elmer is a retired attorney, born in Oregon and moved to Mount Airy from Mt. Vernon, VA. He is a Paul Harris Fellow and past President of the Rotary Club of Mt. Vernon.

RECENT PROGRAMS HIGHLIGHTS

May 2, 2006

Rotarian Hugh Peoples introduced Judge Chuck Neaves. Judge Neaves received his law degree from Wake Forest University. He is a District Court judge and began his career in 1982.

April Dugger, Charlie's daughter-in-law, presented a program on the six weeks she spent in SE Louisiana with the Red Cross after Hurricane Katrina. The Red Cross had been training and planning for 10 years in case such a tragedy struck, and when it did, it was with a vengeance. There were 380,000 homes destroyed; 90,000 miles of destruction; 80% of the town of New Orleans ravished. Of the volunteer workers, 15 lost their homes; 2 lost family members. Total loss of life was just under 1,100, but the Red Cross had always estimated a possibility of 60,000. It is hard to find success in such massive devastation, yet without the mantra of Prepare, Prevent, and Provide, the loss of life would have been higher. Evacuation plans worked; coordination of agencies worked; sheltering and feeding 146,000 worked. Thank you April, and to everyone else who left the comforts of their homes and community, to tackle the immense challenges left by Katrina.

April & Charlie Dugger

It is always a pleasure when Wanda Urbanska and Frank Levering share with us the good news of Simple Living. This home grown television program is beginning their 3rd year with a new national corporate sponsor – NCFI polyurethanes from right here in Mount Airy. UNC-TV is the presenting station with American Public Television distributing the shows. During season two, 64 PBS stations picked up the show and it is gaining viewers and popularity across the country. For more information on Simple Living, go to www.simplelivingtv.net.

Life is about taking chances, and Teresa Hill decided Mount Airy would be a good place to begin her new business venture, Clinical Research of Surry. Before coming to Mount Airy Teresa worked for Salem Research in Winston-Salem. Her company recruits volunteers for bio-medical research. Studies usually last 6 months to a year, but some can go as long as 10 years. Drug companies contact clinical research facilities, such as Teresa's company, to conduct clinical trials. These trials require extensive paperwork, monitoring for accuracy, and follow-up. Dr. Myra Dove is one of the doctors working with Teresa in this testing. The volunteers receive expense paid medical care and medications while associated with the study.

May 23, 2006

On May 23, Brenda Goings spoke to the Goldsboro Rotary Club. Her topic was "Mission to Moldova" — the boot and sock mission that Mount Airy Rotary has supported in the past. Goldsboro Rotarian, Phil Baddour is co-chair, along w/ NC Secretary of State Elaine Marshall, of the Bilateral Affairs Committee, which oversees the friendship treaty between North Carolina and Moldova. Brenda is a member of this committee, and traveled w/ them to Moldova in April. In July, Brenda will be speaking to our club on the work of the Bilateral Affairs Committee.

May 30, 2006

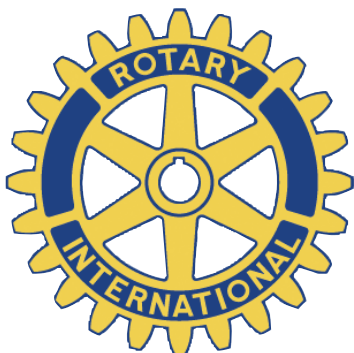

Dr. Gilbert Huffman, retired Surry County school principle, presented a program about the 8 months in spent on the west coast of Africa as a teacher. He was one of 34 teachers in a program called Teachers For Africa. He was assigned to the small country of Gambia. It is 30 miles wide and 250 miles long. The average income level is less than \$250.00 per year. He was one of three white people in the whole area; a Christian among a population that is 97% Muslim; and poverty we cannot begin to imagine. Dr. Huffman became friends with several folks he met, and they remain in contact. The sacrifices and deprivations were nothing compared to the rewards Dr. Huffman says he received from this wonderful opportunity to serve others. This experience led him to write a book, Under the Mango Tree.

Dr. Gilbert Huffman

“ Every individual makes a difference. We cannot live through a single day without making an impact on the world around us. And we all have free choice – what sort of difference do we want to make? Do we want to make the world around us a better place? Or not? ”

- Jane Goodall -
Wildlife researcher
